

ARMA

The Australian Racecourse Managers Association (ARMA) was formed at the Australian Racecourse Managers Conference in Tasmania in August, 2004. Representing 391 racing facilities across the country, our charter is to support the racing industry's quest for best practice in race and training track construction, management and presentation.

Environmental excellence is a core value of ARMA and we extend this environmental ethic to all our activities.

Our Environmental Policy

THE IMPLEMENTATION OF THIS POLICY IS THE RESPONSIBILITY OF ALL ARMA MEMBERS AND ADHERENCE TO THIS POLICY IS THE RESPONSIBILITY OF ALL THOSE WHO WORK FOR ON BEHALF OF THE RACING INDUSTRY.

SIGNED:

To undertake our activities responsibly we are committed to:-

- ✦ Developing a "world first" environmental initiative for racing by implementing an Environmental Management System in all our facilities;
- ✦ Constantly striving to achieve continual improvement and the prevention of pollution in our environmental performance;
- ✦ As a minimum comply with the applicable legal requirements and other requirements to which we subscribe that relate to our environmental activities, products and services;
- ✦ Continue to recognise the environmental, recreational, educational and social significance of racing;
- ✦ Openly communicate our environmental policy to all those who work for or on behalf of the racing industry;
- ✦ Ensure transparency in our environmental decision making;
- ✦ Foster an environmentally responsible attitude within our industry by providing appropriate training and competency assessments;
- ✦ Annually review this Policy and utilising the environmental management system framework to plan, document, measure and monitor environmental performance including setting and assessing environmental objectives and targets and conducting periodic reviews to review progress.
